Work Experience

UI Programmer / Unreal Developer

Lofty Sky Entertainment Inc.

Mar 2022 - Aug 2022, Oct 2023 - Present

Hope in the City

- Implemented functioning UI elements for game menus, inventory, and events.
- Added animations to unlockable events, applying filter masks for smooth transitions.
- Assured UX flow and player usability performed smoothly to accompany the game's onboarding processes and game mechanics.

VerseVR

- Shipped game to platforms on Epic, Steam, and Meta.
- Designed and implemented game UX flow and onboarding process.
- Implemented game menus functions, loading screen, and save/progress system.
- Added spatial sound, level volume boxes, and game actors to interact with players

Sky of Tides

- Updated and added game UI elements for game menus, character screens, and events throughout the game. Incorporated sprite animations to menu and game events.
- Collaborated with the creative team to feature improved user feedback and consistent design choices. Documented and organized the team GDD and CMS.
- Implemented a system to notify players of newly found items.
- Playtested and debugged in-game inconsistencies, bugs, and functions.
